

# Handling data: Sheet 1 of 3

**Page 38 Frequency tables**

**1**

| Colour of book | Tally | Frequency |
|----------------|-------|-----------|
| Yellow         |       |           |
| Orange         |       |           |
| Purple         |       |           |
| Total          |       |           |

**2**

| No. of people | Tally | Frequency |
|---------------|-------|-----------|
| 1             |       |           |
| 2             |       |           |
| 3             |       |           |
| 4             |       |           |
| 5             |       |           |
| Total         |       |           |

## Handling data: Sheet 2 of 3

**Page 38 Frequency tables**

**3 a**

| Number of potatoes | Tally | Frequency |
|--------------------|-------|-----------|
| 26 to 35           |       |           |
| 36 to 45           |       |           |
| 46 to 55           |       |           |
| Total              |       |           |

**b**

| No. of potatoes  | Tally | Frequency |
|------------------|-------|-----------|
| $20 \leq N < 30$ |       |           |
| $30 \leq N < 40$ |       |           |
| $40 \leq N < 50$ |       |           |
| $50 \leq N < 60$ |       |           |
| Total            |       |           |
